

COLUMBIA SURGEON ARRESTED ON CHARGE OF MANSLAUGHTER

Case Grows Out of Operation Performed, Death Following the Operation.

Columbia Special to News and Courier

As the result of the death on October 16 of Norwood Graydon, of Columbia, following an operation for inflamed glands, Dr. Julius H. Taylor, Jr., of Columbia, the operating surgeon, was arrested here this afternoon on a warrant sworn out by William N. Graydon, arrested on the day of the death of Norwood Graydon, charging Dr. Taylor with manslaughter.

Dr. Taylor was immediately released on a \$2,000 bond by M. C. Coker, the magistrate, who issued the warrant. Dr. Taylor's bondsmen are Dr. William Weston, Dr. E. T. Jennings and Dr. Taylor himself.

Norwood Graydon, who a short time ago had returned from France, was the messenger for the state supreme court.

As soon as Dr. Taylor heard that a warrant had been issued for his arrest, he gave himself up to Ernest A. Lorick, constable for Magistrate Coker.

COLLETON PREPARING FOR THE WEEVIL

Clemson College, October 20.—Colleton people are devising ways and means of making a serious fight against the boll weevil. At a meeting, engineered by County Sheriff W. Risher and held on October 27, in Wadleyboro, several important steps were taken that will lead to a better prosperity in spite of the weevil.

The People's Marketing Association with a capital stock of \$50,000 was organized to put across such projects as a potato storage house of 6 to 10,000 bushels capacity, a grain elevator, a feed mill, and other things that will furnish a market for everything. Colleton now grows or can grow as money crops to substitute for cotton.

A committee has been sent to south Georgia to investigate what is being done there to help meet boll weevil conditions and to report at a mass meeting which will further organize for the fight.

A fencing campaign is being pushed, under leadership of the County, under about thousands of acres of Colleton farm lands under fence for protection of livestock. Already several hundred acres of woven wire and barbed wire fencing have been ordered by farmers.

AMERICAN FLAG HISSED AT FLUME

Down With America Cries the Theater Audience. Flume, Oct. 25.—The American flag was hissed when it was unfurled last evening in the Phoenician Theater here, and when the Star Spangled Banner was played by the orchestra the audience cried: "Down with America! Down with Wilson! Long live Greater Italy and Fiume!"

Several scores of American sailors who were present and stood up when the American national anthem was played also were hissed and slurring remarks were directed at them.

The demonstration occurred when an English company presented a "parade of the Allies," during which the appearance of the Italians only was applauded.

MANN INTRODUCES HIS FIRST BILLS

Washington, Oct. 25.—Representative Mann, of the Seventh district, today introduced bills calling upon the War Department to donate captured German cannon or field pieces to the cities of Columbia, Sumter, Orangeburg, Lexington, St. Matthews and Bishopville.

He also introduced three bills each calling for an appropriation of \$10,000 to be expended in the purchase of sites for federal buildings at Bamberg, St. Matthews and Bishopville.

COAL STRIKE "UNLAWFUL" SAYS PRESIDENT WILSON

Washington, Oct. 25.—Holding the impeding coal strike to be not only unjustifiable but also unlawful, President Wilson in a statement Saturday with the support of his entire Cabinet, called on the coal miners of the nation, both union officers and members, to rescind the strike order effective November 1.

The president declined to enter into the merits of the controversy between the miners and operators, but emphatically declared that the strike, which he characterized as the most far-reaching proposal in the nation's history to restrict production and distribution of all necessities of life, had apparently been ordered without a vote of the individual miners concerned. For this reason, the President served definite notice "that the law will be enforced and the means will be found to protect the interests of the nation if any emergency may arise out of this unhappy business."

Her Turn to Gloat. "What is the cause of all this commotion in the office?" "One of life's little comedies is being enacted." "Yes?" "The beautiful stenographer whom the boss fired for incompetence two years ago is a star in the movies now. She has just arrived accompanied by her manager, her private secretary and her husband, to get even with the boss by showing him her new contract that calls for a salary of \$2,000 a week."

PREDICTS HARD WINTER.

Weather Prophet Says Get Wood and Coal Ready at Once.

Jake Snelgrove, the Lexington weather prophet, predicts a cold and wet winter. He sends the following to The Dispatch-News: "Get your wood and coal ready. This will be the coldest and wettest winter we have had in 29 years."

DR. GEIGER DECLINES.

To the Editor of The Dispatch-News: Please allow me space in your paper to thank the friends who were kind enough to suggest my name as a candidate for alderman of the town of Lexington. I appreciate the compliment, but must decline the honor. My private affairs are such that it would be impossible for me to serve. Norman S. Geiger.
